KIDDER TO SPEAK AT VET'S CONFAB

Dr. Clarence Kidder will be one of the speakers in a forum discussion when the Florida State Veterinary Medical Association holds its convention in West Palm Beach this Sunday through Tuesday. Dr. Kidder's subject will be "Problems in the Glades area."

Mrs. Kidder plans to accompany Dr. Kidder to the three-day convention at the George Washington Hotel, and will attend meetings of the women's Auxiliary of the Association.

NO COMMENT Continued from page 1 "no comment." Said he, "I am happy that we have been able to advertise for bids on the two bridges, and that is all I have to say." Later he said, "There are bridges needed in other places besides Palm Beach County."

Continuing on the UP announcement, the SRD on Nov. 20 will receive bids on the construction of a concrete and steel bridge at Six-Mile Bend, and a concrete box culvert one mile northwest of the Bend. At the same time, the SRD will receive bids on the construction of a concrete and steel bridge and a concrete and steel bridge on State Roads 15 and 70 in Canal Point.

FLOWERS IN ALL CHURCHES SUNDAY Sunday, opening day of the National Flower Week, the Belle Glade Garden Club will place flowers in all the churches in the Glades area. An Episcopal Church here, flowers for that denomination will be placed in the pews of the church. The Seventh Day Adventist Church here will have flowers for that denomination. Mr. G. H. Townsend is in charge of the arrangements.

SPECIAL RECEPTION TO HONOR PETRIAS The Women's Auxiliary of St. Martin's Episcopal Church will hold an open house and reception at the vicarage adjoining the church on Sunday afternoon, October 26th from four to six o'clock.

The reception will honor the Reverend John Clarence Petrie and Mrs. Petrie, who recently moved into the new vicarage. The auxiliary extends a cordial invitation to all friends of the congregation to attend.

GLADES OFFICIALS (Continued from Page One) The county commissioners will combine resources to operate Port Mayaca Cemetery. A board of three trustees, one appointed from each of the three municipalities, was agreed upon to work out an plan for operating the cemetery.

Attending the meeting from South Bay were Mayor F. W. Kelley and Councilmen S. J. Fisher and J. L. Brown; from Pahokee, Mayor Lewis Friend, Chairman of the Council Bob Simmons, and A. C. Councilmen James Harry Wilkinson and Robert M. McCall; from Belle Glade, city attorney, and Ralph Johnson, attorney for South Bay and Pahokee, were also guests; and all five Belle Glade city commissioners were present. Mayor W. L. Collins and Commissioners Walter Ashby, Harold Rubin, Herman Close, and H. O. Carlson.

CITY COMMISSION (Continued from Page One) At their Wednesday meeting to ask immediate delivery of an air compressor for the street department, the cost of which is included in the estimated expenditures. Low bid on the air compressor was submitted by the Llewellyn Machinery Corporation of Miami, which will furnish the compressor for \$5,125. Mr. B. J. representing the company, told the commission that "if payment could be arranged."

Dolly Rutledge appeared before the Commission to request a 30-day extension on the task of repairing her building at 228 SW 4th Street, parts of which are encroaching on city property. The commission granted the time extension, providing the work could be completed by Dec. 15.

Ivela Ladson appeared to ask the city to rock SW 7th Street far from her house. M.C. Ward reiterated his request for a license to use his 40-foot apartment house behind the station on Main Street as a warehouse for produce. Subject to giving the commission a letter setting forth the conditions under which the property was to be used, the commission granted the license.

Mr. H. Lamb asked permission to make repairs to his 40-foot apartment house behind the station on Main Street as a warehouse for produce. Subject to giving the commission a letter setting forth the conditions under which the property was to be used, the commission granted the license.

is awkward, since the building code provides that if major repairs are made, the building must be certified by a professional engineer. The building is a wood frame.

Harold Rubin, in charge of the Building and Sanitation Department, and the City Inspector were scheduled to meet with Mr. Lamb yesterday.

Mrs. C. W. McDonald, park supervisor, appeared before the commission regarding a bill submitted by Bert Roemer for "extra" to the contract for building the addition to the city shelter.

It was agreed that the Mayor and Mrs. McDonald should meet with the company to discuss the bill.

Mrs. McDonald pointed out to Commissioners that the foot bridge across the Hillsborough at the school zone is in a dangerous condition, with the approaches in need of repairs. Mr. C. T. Pennington, head of the street department, was asked to look at the bridge next week.

Street Commissioner Carlson said:

The decision to advertise for bids on gas, oil, and lubrication for city vehicles was discussed. The waterworks books assured Pennington had requested that the street department be allowed to use the city's own vehicles. Reasons stated for the request: that the street department has five pieces of equipment, including a Caterpillar tractor, that the ordinary garage cannot service. It was decided that the street department could continue lubricating these machines, but that all gasoline and oil purchases should be advertised for bids, as well as all grease-lubrication on 29 city vehicles.

The city's own vehicles, dump trucks, and a Ford truck, were also included in the special high test gasoline.

It was voted to send City Inspector to look over the equipment of the Supervisor Clarence Throp and two water department operators to the Regional Water and Sewerage Commission short course to be held at the University of Miami every Tuesday afternoon from 10:00 to 11:00 a.m. Mr. Throp, listing the advantages of short course study, said that the water department is now treating more gallons of water for less cost than ever in its career.

The Commission also amended the dog ordinance to provide that no dog license issued after Nov. 1, 1952, shall be valid for the year ending year is presented. Dog licenses issued after Nov. 1, 1952, shall be valid for the year ending year is presented.

Authorized Chief of Police, Charles Goodlett to trade in a one-year-old police car for a new car.

Agreed to donate \$50 to the South Shore Athletic Association for the purpose of chartering a bus to the Key West football game.

Adopted a resolution creating a Zoning Board of Appeals, composed of Milton Barry and H. V. Dray, residents, and Commissioners Walter Ashby, H. O. Carlson, and Harold Rubin.

Granted a beer and wine license to Tommy Williams, 249 SW 8th Street, subject to approval by the Police Chief and the Sanitary Inspector. Chief Goodlett pointed out that last year, Little Mac Glaver did business in this location until her license was suspended. Goodlett suggested the use of application forms to determine who will actually operate the establishment under consideration, and who will work there.

SOUTH BAY NAMES

(Continued from Page One) Action to restore the salary of the Chief of Police to its former figure was also taken. By a vote of 3 to 2 the Council restored the salary of \$52.00 a month that was made early in August by the old City Council. Increases in the salaries of the city clerk and the supervisor of sanitation were also voted. The annual police report was presented by Chief R. C. White.

Attorney Johnson reported on the good-will dinner given by the Belle Glade City Commission Monday evening to the council members of Pahokee and South Bay. After his report on the proposed Cemetery Board, Mayor Kelley appointed S. J. Fisher as South Bay representative on the board.

H. W. Lowery appeared before the council to report damage done by city equipment to the fuselage of his cub airplane. The city clerk was instructed to take up the matter with the insurance company.

A donation of \$25 to the P. U. Teacher Association was approved.

B. Barstow, city clerk, reported that the audit of city and waterworks books by W. E. Keen, West Palm Beach auditor, was expected to be completed within a few days. Mrs. Barstow also reported that tax statements are now being prepared and would be in the mail by November 1.

GLADES CATTLEMAN (Continued from Page 1) Would contribute more than to practice preventive and curative measures," Mr. Ketner concluded.

Mr. Ketner was introduced to the gathering by George C. Young, livestock market manager, who smiled, together with the crowd as Mr. Ketner spoke of his "glamorous introduction to the Glades two years ago."

"I came to this garden spot at the 'wrong time,'" Mr. Ketner said. "There was rain, heavy sleet, a general freeze — 'wagons were hauling away the dead livestock. The people around me said 'nothing like this had ever happened before.' I came down this time in a clear, sunny day, listening to the 50-mile winds howling outside, alluding to the inches of rain standing in fields and dooryards, '... and I guess we better not go into 'HEAT!' he said."

Earlier, George Young had told the group about Glades Livestock Market progress from 1950-51, when 11,029 cattle and 275 pigs and horses were sold for a total of \$1,036,345, to the year just past, when 20,951 cattle and 112 hogs and horses sold for a total of \$2,677,995.31.

LEGAL NOTICES CIVIL SERVICE COMMISSION — BELLE GLADE, FLORIDA. NOTICE OF EX

J. ED LARSON
Fire MarshalFIRE PREVENTION
CONFAB IN OCALA

Fires and explosions take an average of 62 Florida lives annually, many of the victims are children, according to State Fire Marshal J. Ed Larson. Property damage runs into the millions, he said, and the number of home fires is very distressing.

"While our state record is very low by comparison," declared Larson, who is also State Treasurer, "we must employ all the modern educational and preventive methods to cut down on these losses."

Accordingly, in compliance with a proclamation issued by Governor Warren, the state fire marshal has called a wide-wide fire prevention conference, to be held at Ocala on Oct. 29-30. He has nominated some 1,000 state, county, school and municipal officials, and business and industrial leaders, to take part in the 2-day seminar.

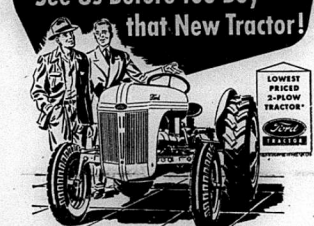

The more people and the more industry, the greater the danger from fire, Larson warns. Florida, he said, "is rapidly filling with new residents, and is becoming industrialized at a fast pace. Precautionary measures against fire and explosion must keep ahead of this growth."

Robert W. Eddy, public health engineer, agreed that Lee's warning applied to "the waste-lands."

"Wide experience with sanitary conditions here," Dr. Brumbach said, "has shown that in the developed area of the Glades, standards compare favorably with any areas on the coast. Where septic tanks are built according to specifications, and where they operate satisfactorily, we will approve them. But where they do not, we will not approve them, and I see no reason why they should not continue to do so."

"Of course," he added, "with shoddy construction, no matter whether here or in the Glades, septic tanks will not be approved. But where they are properly built and installed, we will approve them."

Dr. Brumbach told Glades representatives that it is the office in Palm Beach County, and not the Jacksonville office, that issues SBIF approval on Veterans Administration and FHA loans.

Mr. Harris's comments, which were echoed by the other Glades people present at the meeting, expressed the concern of local residents over the unfavorable publicity that resulted from Lee's derogatory remarks. "I've sat here for two hours listening to you discuss your problems," Mr. Harris said, "and from what I've heard, I would say that we have less trouble with septic tanks in the Glades than in any other part of the state."

The Glades protests started at the meeting last Thursday when Belle Glade City Inspector N. B. Willis spoke, after a discussion in which health board officials attempted to establish criteria to determine what constitutes "satisfactory operation" of septic tanks. Opposing a suggestion that the bottom trend

of the drain field should be "at least 30 inches above the mean water table of any area," Willis said.

"How can we do that unless we put drains on stilts?" Pointing out that the level of the Glades, standard compare favorably with any areas on the coast. Where septic tanks are built according to specifications, and where they operate satisfactorily, we will approve them. But where they do not, we will not approve them, and I see no reason why they should not continue to do so."

Protests by the other Glades residents followed, with W. F. Chamber of Commerce, and Austin Richmond, Belle Glade plumbing contractor, also speaking. Both Crider and Harris are former City Commissioners; Crider formerly was in charge of the Building and Sanitation Department. Also present at the meeting was Commissioner Harris, who was also there, as was Sam Henderson, Concrete Products Inc., South Bay.

term contract at the beginning of her career. "It makes you feel that you're not just a hired hand," she says.

"Even if you don't feel that you're not just a hired hand, you must do it. That calls on a person's integrity and talent to be convincing, and in the process, the actor or actress can't help but learn a great deal, and improve in technical skill. Besides, — and this is one of the most important happenings in a young woman's life — it's a chance to see a play and to be part of it."

A studio is not going to go outside the gates for another player, even if it already has one on the payroll. And it's playing that game. You'll never gain experience in acting by sitting in a chair and hoping."

Miss Young also thinks that it is only in the major studios that a young player has an opportunity for the proper guidance and instruction. "I'm not depressing the great, tremendous help good dramatic schools and little theatres are giving ambitious young people," she concludes, "but that requires financial backing. In the movie industry, you are paid while you learn." See you at the movies! — Mal.

SCHOOL BUILDING
(Continued from Page One)

Group showing highest percentage of increase was that under six years, which had increased 92.6 percent since 1942. "In 1942," Bailey said, "21,000 babies were born in Florida. In 1949, ten years later, 60,000 were born. This bumper crop of babies is not even in school yet; first grade teachers are waiting for them," he said.

Urging support for constitutional amendment no. 1, which Bailey said provides for future school building needs without increasing taxes, he concluded, "This amendment will guarantee that what is already being done will continue for a period of years."

Bailey was introduced at the ceremonies by Howell L. Watkins, county superintendent. "I am always happy to see a new building going up," Mr. Watkins said, "because you never know what great citizens may be coming out of it."

Previously, George Slaton, chairman of the school board had said that "All credit is due Glades residents for the realization of this building." He said that "a large amount of credit" was particularly due Mrs. Doyal Timmons, local school board member.

Distinguished guests introduced during the ceremonies included the following School Board members: Mrs. Elizabeth Hand, Delray Beach; Ralph Kett, West Palm Beach; and Mr. A. C. Howell, Canal Point. Mrs. Timmons was absent, having been called to Panama by the illness of her husband. School trustees present included Roy Michaels, Lake Worth, James Nemes, West Palm Beach, and

Henry Earwood, Belle Glade. Other guests were Mayor W. L. Collins, Belle Glade; Mayor Franklin Kelley, South Bay; Mrs. E. M. Lively, president, Belle Glade P.T.A.; Mrs. Mark Chaffin, president South Bay P.T.A.; Mrs. Elita-Traut, Lake Harbor P.T.A.; Edgar Wortman, director of health, West Palm Beach; Mrs. Margaret Mosely, assistant elementary principal, Roy Litchfield, assistant junior high school principal, and Frank Hobson, head principal, represented the school. Rev. Robert Ford, and Rev. E. L. Holley pronounced the invocation and the benediction.

The school land, under the direction of Alan Drake, played selections at the opening and closing of the ceremonies.

"Open House" in the home economics rooms saw refreshments served to numerous Glades residents who later inspected the new buildings.

Serving on the P.T.A. committee in charge of refreshments were Mrs. Ralph Freeman, Mrs. Abe Bessler, Mrs. Frank C. Hobson, and Mrs. Roy Norman.

OUTDOOR FLORIDA
By Herb Mosher

With the hunting season fast approaching, outdoors should start, right now, to get in condition for the strenuous days ahead.

There is little difference between getting ready for the fall shooting and building up your physical condition for a football team. Or for a tennis championship. Or "track," as running races are called.

Each autumn the newspapers report on prominent business men who, while hunting, died of "heart failure." This was probably not because of a weak heart at all. It was just due to over exertion. Had the poor fellows started, slowly, in September, to build up their physical strength and endurance, for the November hunting, the story might have been different.

For a soft, lazy, office worker, or for that matter any man who does not get in a good deal of regular outdoor exercise, has little business looking forward to the hunting season. It will mostly be grief, stress, and pain.

unless you're in fine physical shape.

I remember a couple of seasons ago I went to South Dakota with three Orlando sportsmen, fine fellows all. I was in good shape, having spent the fall "working out" on beaches, surf fishing, swimming, rowing boats, etc. I didn't know how the other three would be able to "take it" in the Dakota corn fields. Well, we found out. The three men stumbled gamely thru the fields, and waded in the

ALCOHOLICS

(Continued from Page One)
ALLERGIC TO ALCOHOL. It is not a question of morality. The alcoholic is not an unregenerate scoundrel. The

alcoholic has an allergy—something the alcoholic and the public in general does not recognize or understand until it is properly explained.

The following questions and answers from the pamphlet will

help many towards an understanding of the purpose of A. A. Q. What is A. A.? Ans. A. A. is a genuine on-the-level fellowship of people who have suffered from continued drinking.

As the name of the organization implies the fellowship is for alcoholics only. The word an

onymous means that your membership is not to be divulged to the public unless you wish it so.

Q. What does A. A. do? Ans. A. A. meetings are a friendly get-together for the purpose of discussing the problems of alcoholism and how to lick these problems. These meetings re

sult in a multitude of valuable friendships that you will prize all of your life. A. A. is fellowship and understanding.

Q. Why should I be invited to join. Ans. If someone has asked you to join it is because it is believed that you are a person of inherent character and

Q. Am I asked to subscribe to anything? Ans. NO. Neither you asked to buy anything. Further you make no promises nor sign any pledges.

Q. Maybe you are reformers or prohibitionists? Ans. We are not reformers. If you do not wish to stop drinking that is your business and in that case we have nothing to offer you. We are not prohibitionists. If you can drink moderately we congratulate you—but CAN you?

Q. What kind of people join the A. A.? Ans. Some alcoholics hesitate to approach A. A. because they fear that the mem

bership will be the stigma of civilization. NOT SO! FAR FROM IT! The derelicts, the mental cases, the so-called "riff-raff" do not WANT to quit drinking—therefore they do not join A. A.

In A. A. you will find people from all walks of life—business men—laborers—professional men and women. Regardless of your financial, social or educational status you will find understanding friends.

Q. How can I be sure? Ans. Absolutely not. Make this comparison for yourself—A diabetic will always be diabetic regardless of how long he lives. With proper self care the diabetic can live long and happily. There are many thousands of alcoholics today who NEVER drink alcoholic beverages.

Q. Does A. A. use medicine? Ans. If fellowship is a medicine then A. A. uses medicine. That is the only kind of medicine used.

Q. How can life be worth living if I can't drink when I please? Ans. Nature takes care of that problem. Men who have been members of A. A. for over 11 years tell us they just began to live—to enjoy life—when they attained a normal way of living thru A. A. You WILL have fun—your definitely changed outlook on things takes care of that.

Q. Will A. A. work for me? Ans. That depends on you. If you are not a mental cripple—if you REALLY want to quit drinking—if you are capable of being absolutely honest with yourself—YES—A. A. will work for you 100%.

Q. Can A. A. teach me to drink moderately? Ans. No, that is impossible. An all time sobriety can be yours—you have only one other choice—drunkenness.

Q. Is this a religious organization? Ans. No. We do not care anything about your religion.

Q. I am not an alcoholic. Ans. If you can be absolutely honest with yourself and say you are not an alcoholic then we have nothing at all to offer you. If you know someone who IS an alcoholic you can do him a great favor by telling him of A. A.

Q. Will A. A. loan me money—buy me some clothes—get me a job—find me a place to live? Ans. No. That is not the purpose of A. A. You can get those things if you first get sobriety.

Q. I don't want to promise to join. Ans. Don't promise! Try four meetings and you'll OPEN MIND. Then if you do not like it continue that is up to you.

Q. I will feel sensitive about being seen at my meetings. Ans. Most every member thought he would. The meetings are private and your membership or attendance is not divulged to others. There was nothing private about your drinks—remember?

Q. I have never been in jail for intoxication. Ans. A great many A. A. members have never been in jail for intoxication.

Q. I did not drink in great quantities at one time nor stay drunk for weeks. Ans. It is not HOW MUCH you drank—it is what happens when you

drink. A few beers are too much for some.

Q. What is A. A. member will be happy to answer any other questions you may have.

You can attend an A. A. meeting without fear of being embarrassed in any way. You will be welcome—and comfortable.

THE DOOR IS OPEN. For further information, telephone Belle Glade 2995.

NEW POWER LOOP CIRCUIT IS COMPLETED RECENTLY

A new power loop circuit which will help speed up restoration of electric service in the Belle Glade area has been constructed by Florida Power and Light Company. This new circuit constructed on S. W. Fifth Street and S. W. Avenue will provide another main line to feed electricity to customers south of the Hillsboro Canal and will be used if the line located on the west side of Main Street (from the Airport Road to S. W. Avenue) becomes damaged and inoperative. This new line will also be used when necessary as an alternate route to feed the City of South Bay of the communities south and west of South Bay. Power Company manager Curtis Chase also said that this line will provide an additional line to serve the Belle Glade Water Plant in an emergency.

SIGNAL CORPS EQUIPMENT TO BE SHOWN AT CONNIE MACK FIELD ON NOV. 5

A crack Signal Corps Engineering Laboratories soldier-operating team will give a demonstration at Connie Mack Field in West Palm Beach at 8 pm on Wednesday, Nov. 5. According to Capt. W. A. Wooten, the team, which has been making a 60-day tour, "Operation Tanglefoot," of army organized reserve units in Florida, will introduce the newest signal equipment, including the best ways to install, operate, and maintain these units.

Among the equipment to be demonstrated by the 30-man, 3-day team are handie-talkies, walkie-talkies, portable and vehicular radios, switchboard, teleprinter, field wire and televisual devices. Items being replaced will also be shown for comparison, Wooten said.

The team, which started its tour on Oct. 13, is directed by

1st Lt. Elmer E. Davis of the Signal Corps Laboratories' development detachment.

DR. JONES BACK FROM STATE CONVENTION

Members of the Palm Beach County Chiropractic Society recently returned from the 15th annual educational sessions and convention held by the Florida Chiropractic Association in St. Petersburg Oct. 9-11. Dr. L. S. Jones attended the convention from Belle Glade.

Dithane* D-14

Manganese Sulfate

Directions For Mixing

For Each 100 Gallons:

1. Dissolve 1 lb. manganese sulfate in approximately 1 gallon of water in a bucket. Stir until thoroughly dissolved.
2. Add 2 qts. Dithane D-14 to the above and stir until smooth, creamy mixture is formed.
3. Add this concentrated mixture to partially filled spray tank. Continue filling tank.
4. Add insecticides, nutritional sprays or spreaders if needed. BE SURE TO DO THIS LAST.

See your Kilgore man for additional information about this new and promising fungicidal mixture.

- Sod Webworm
- Stink Bugs
- Termites
- White Grubs
- Wireworms
- ...and many others

WHAT'S IN THE SOIL? Nourishment for crops—yes, but also insects bent on destroying these crops. A good soil does more than provide crops with nourishment—it also protects them. That's where Chlordane comes in, because Chlordane performs this necessary task of protection efficiently. It gives you thoroughly effective initial control of soil-borne insects, and long-lasting residual action, too. Chlordane is economical, because a little Chlordane covers a lot of ground. You can apply Chlordane as wettable powder or water-emulsion spray to the surface, or disk it into the top few inches of the soil. Order Chlordane from your dealer today. Consult your county agent for additional details on Chlordane applications in your area.

You can't take 'em with you

Almost everything you need for an enjoyable trip can be squeezed into the car except a rest room. Yet nothing is more necessary to comfort when traveling than good rest room facilities...all along the way.

That you may ride refreshed, wherever you choose to drive in the South, thousands of

Standard Oil dealers provide you with the on-the-road convenience of a clean rest room.

From long experience, southern motorists have found the best guidepost to good rest rooms to be the familiar red-white-and-blue Standard Oil sign, the "Sign of Extra Service."

SOUTH BAY BEAN CITY LAKE HARBOR

Mrs. Maude Hartline, who spent several weeks with her son Postmaster E. D. Hartline, has returned to her home in Delray.

Mr. and Mrs. Julius V. Gist of Altamonte Springs visited his parents, Mr. and Mrs. J. M. Templeton, over the weekend.

Mr. and Mrs. J. W. Warren and son Willis have returned from a visit among relatives at Philadelphia, Miss.

Miss Maude Walker of Miami is spending her vacation with her mother, Mrs. Edna Walker.

Mr. and Mrs. Edwin Dorsey, children Michael and Sandra Sue, have returned to their home in Lubbock, Texas after a visit with her mother Mrs. L. O. Ratley. They were accompanied home by her sister, Mrs. Curtis Williams, enroute to join her husband at the Air Force base in Clovis, N. M.

Mr. and Mrs. E. W. McLeod of South Shore Plantation attended the Belle Glade-Port Pierce game last week.

Mr. and Mrs. James Jackson of South Shore had as guests over the weekend her mother and brother of Moultrie, Ga.

Mr. and Mrs. Herman Parrish of Cleveland were the Saturday evening dinner guests of Mr. and Mrs. T. L. Driggers.

Wm. Blackwell and Miss Hazel Prevate made a trip to Tampa Sunday to bring Mrs. Blackwell and son Billy home. Mrs. Blackwell has been staying with Mr. and Mrs. Charles Hatcher and family, who have a son, born October 13. Mrs. Hatcher was before her marriage Miss Frances Prevate of Bean City. This is their second son.

Mr. and Mrs. Jack Waters and family of Bartow were the weekend guests of his brother and sister-in-law, Mr. and Mrs. Clayton Waters.

Principal and Mrs. Pelton Morris were called to their former home near Philadelphia, Miss. Sunday by the critical illness of her father. Mrs. Laura Willis is substituting in his classes during his absence.

Mr. and Mrs. Terry L. Driggers made a business trip to Fort Myers Sunday, and while there visited her sister, Mrs. Frank Land, and family.

Low Ann Austin, daughter of Mr. and Mrs. Ben Austin, and student at the Belle Glade Hospital, who was stricken with polio a week ago and hospitalized at St. Mary's Hospital in West Palm Beach, is reported

quite a little improved. Hers is the first known case originating in the Glades this year.

Mr. Stuart Donaldson of Clewiston was the Sunday guest of Mr. and Mrs. S. L. Eckman, Mr. and Mrs. J. W. Matthews and family.

Charles Edward Greer, nephew of Mrs. W. C. Allen, was called to his home in Anniston, Alabama Friday by the death of his grandmother Green. While in the Glades he was employed as a druggist of Simmons & Weeks and made his home with his brother S. C. Pate in Belle Glade.

HORACE WALKER BIRTHDAY

A family turkey dinner complementing her son, Horace H. Walker on his birthday. Mrs. H. B. Walker, Mrs. D. I. Shiver, Mrs. Norman Dalrymple, Mrs. I. M. Davis, Mrs. R. A. Hall, Grades 2 and 3 taught by Mrs. Olga Hardy will sponsor the Dutch Auction. J. C. Bowen will act as auctioneer. Committee consists of Mrs. C. E. Critchfield, Mrs. Ivan P. Hall, Mrs. W. J. Weil.

Grades 3 and 4 taught by Mrs. Lottie Martin will have a Cake Walk. Mrs. Floyd Wilder, Mrs. Reynold Davis, Mrs. Luther Martin, Mrs. Jay Smith, Philip McLeod and Marvin Davis will assist the teacher.

SOUTH BAY BAPTIST CHURCH PLANS

The South Bay Baptist Church will observe its annual Home Coming Day on Sunday, October 26. Former pastors will bring the morning and evening messages. Gus Johnson, educational director of the First Baptist Church of West Palm Beach, will make the afternoon address at 2:30 o'clock. Mrs. T. M. Wortham, Lake Worth, will speak to the youth of the church.

A basket dinner will be served during the noon intermission. Revival services will start Monday evening, October 27 at 7:30 o'clock, and continue through November 9.

Rev. Phillip A. Shelton, pastor of Ivy Chapel Baptist Church, Nashville, Tenn., will be the visiting evangelist throughout the two weeks special services.

Special music will be under the direction of W. W. Ferguson, choir director of the church.

MARTHA WILLIAMS STORK

Mrs. Martha Jean Williams was honored at a stork shower at the home of Mrs. Eugene E. Hardy Tuesday evening. Hostesses were Mrs. W. M. Jeffries, Mrs. Ben Austin, Mrs. W. C. Bowen and Mrs. Fred M. Gato. Sandwiches and soft drinks were served to Mrs. Williams. Mrs. Josephine Ratley, Mrs. A. Williams, Mrs. Helen Hardy, Miss June Ratley, Mrs. Grace Woodham, Mrs. Jewell Purdin, Mrs. Emma Ruth Cooper, Mrs. Laura Willis, Mrs. Gertrude B. Willis, Mrs. Norma J. C. B. Bardsley, Mrs. Maunette Jeffries, Mrs. Fannie Cain, Mrs.

Claudia Simmons, Mrs. Wanda Prevate, Mrs. Mattie Miller, Mrs. Edna Kelley, Mrs. Eva Lee Miller, Mrs. Marvin V. Vazdar, Mrs. Xina Fender, Mrs. Edith Sanders, Mrs. Evelyn Leathlean, Mrs. C. L. Boatwright, Mrs. June Rogers, Mrs. Dorine Woodham, Mrs. Betty Willis, Mrs. Royce Davis, Mrs. Claude H. Warren, Mrs. Ruth Dorsey, Mrs. Editha Eckman.

HALLOWEEN CARNIVAL

The committees have been appointed and events chosen for the annual Halloween Carnival to be put on at South Bay School on Thursday, October 30.

Mrs. E. W. McLeod is general chairman.

The first grade taught by Mrs. Editha Eckman will put on "A Nursery." The committee consists of Mrs. Billy Rogers, Mrs. H. B. Walker, Mrs. D. I. Shiver, Mrs. Norman Dalrymple, Mrs. I. M. Davis, Mrs. R. A. Hall, Grades 2 and 3 taught by Mrs. Olga Hardy will sponsor the Dutch Auction. J. C. Bowen will act as auctioneer. Committee consists of Mrs. C. E. Critchfield, Mrs. Ivan P. Hall, Mrs. W. J. Weil.

Grades 3 and 4 taught by Mrs. Lottie Martin will have a Cake Walk. Mrs. Floyd Wilder, Mrs. Reynold Davis, Mrs. Luther Martin, Mrs. Jay Smith, Philip McLeod and Marvin Davis will assist the teacher.

Grade 5 and 6 taught by Mrs. Ann Ouellette will have the Country Store. Mrs. E. M. Willis and Mrs. Mark Challenor are the committee in charge.

Grade 7 taught by Miss Barbara Myatt will have a Ring Toss game under direction of the teacher and Mrs. Fred M. Gato.

Grade 8 taught by Principal Pelton Morris will have the Fish Pond. Mrs. Ben Austin and Mrs. Ocie Ann Cooper will assist.

The American Legion Auxiliary will be in charge of the Sidewalk Cafe. Mrs. Melvin Martin is chairman.

The Lions Club will be in charge of the hamburger and soft drink stand under direction of Clayton Waters and Horace H. Walker.

The American Legion will oversee the Pony Rides. Five Chief Mead Willis will be in charge of the free truck rides.

Mildred Challenor will be in charge of the costume parade and judges for the parade. The seventh and eighth grades are making the posters.

MCLEOD BIRTHDAY DINNER

Sgt. Richard A. McLeod, stationed on furlough at South Shore Plantation as he is enroute from his former base at Mitchell Air Force Base to Waco, Texas for pilot training, was complimented at a chicken birthday. Hostesses were Mrs. E. W. McLeod and Mrs. Glenn H. Hess.

Guests included Mr. and Mrs.

Glenn Hess, Mr. and Mrs. H. R. Layfield, Frances and Nancy, Nola Thomas, Mrs. Billie Campbell, Miss Lake Harbor, Mr. and Mrs. S. L. Eckman, Mr. and Mrs. Philip McLeod, Phyllis and Beverly, Mr. and Mrs. Harvey Hodges and Robert, all of South Bay, Mr. and Mrs. G. E. Townsend of Clewiston, Miss Jeanette Hobbs and Miss Frances Bernaldo of Belle Glade, Claude, Ken, Larry and Barbara McLeod of South Shore.

LAKE HARBOR P.T.A.

The Lake Harbor Parent Teacher's Association met at the school Wednesday evening, Mrs. C. A. Thomas presiding.

The program opened with the salute to the Flag. Mrs. J. D. Hemphill conducted the devotionals.

Out-of-town speaker of the evening was County Superintendent Howell Watkins, who discussed the capital outlay proposed amendments to the Florida State Constitution.

Room prize for the month was awarded to the first and second grade home room.

Plans were made to send a delegate to the State Convention in Lakeland in November.

A letter from Mrs. Boegershausen, president of the Palm Beach County Council, suggesting the forming of a Glades Council was read and discussed.

The general opinion was against the plan and no action was taken.

Rev. H. R. Harline, safety chairman, presented a report on the Governor's Safety Council held at Dade County, which was attended. He also said the State Engineer had made a survey of the traffic problem at Lake Harbor and was encouraging on the matter of safety measures requested. It was decided to reimburse the safety chairman for expenses incurred in attending the Dade County meeting and request the sheriff's office to defray the monthly expenses of the local safety chairman.

Mr. Jim Beatty reported that the music instructor had a full program in Belle Glade and was unable to devote any time to local instruction but would work out a program if some Lake Harbor person would undertake the instruction.

Plans were made for the annual Halloween Carnival to be observed on Thursday, October 30 at the school. The following committees appointed.

Fish Pond: Linn Haulcomb, Opal Reynolds, Mary Booth and Hannah Bardsley; Country Store: Mrs. D. I. Shiver, Mrs. A. B. Mathis, Spook House: Mrs. McNeil and Mrs. Winnie Plank; Pony Rides: Mrs. Carolyn Johnson and Mrs. Opal McKinley; Cold Drinks: J. D. Hemphill, Frank Robertson; Electricity: J. D. Hemphill; Bake Sale: Mrs. Billie Campbell, Mrs. Eula Johnson, Mrs. H. D. Merriam, Mrs. J. D. Hemphill; Hamburger Stand: Mrs. C. A. Revels, Mrs. H. R. Layfield, Mrs. McClure, Mrs. J. D. Hemphill; Program, the faculty; Costume Parade, the faculty; Pony Rides, H. R. Layfield, C. A. Thomas; Change, Jim Bardsley; Judges, Mrs. Ella Prevate and Prizes, Mrs. H. R. Layfield.

Mrs. Layfield and Mrs. E. Y. Smith were hostesses and served refreshments during the social hour which followed the business session.

FLORIDA VETERINARY ASSOCIATION TO MEET

Such diversified topics as the current pork embargo in Florida and treatment of rattlesnake bites in dogs will draw the attention of members of the Florida State Veterinary Medical association who will stage their 1952 convention in West Palm Beach on October 28-29.

About 200 veterinarians from throughout Florida are expected to attend the sessions at the George Washington hotel.

Opening day activities Sunday will feature a fast-moving slate of 35 clinical "tips" and demonstrations by experts in as many techniques. Monday morning activities include official opening as well as several demonstrations by nationally-known authorities.

A business meeting Monday afternoon and the annual banquet and dance Monday night round off the second day's schedule.

Additional clinical demonstrations and election and installation of new officers will fill Tuesday's schedule.

The Women's Auxiliary to the Florida veterinary group also will participate in the forthcoming convention.

Presiding over the 1952 convocation will be Dr. C. E. Doe, Hollywood. Other FSVM officers include Dr. R. F. Jackson, St. Augustine and R. P. Knowles, Miami.

SOUTHERN BELL TELEPHONE AND TELEGRAPH COMPANY

this Page of Pictures TELLS A STORY...
Every month our employee magazine contains one or more pages of pictures of telephone employees who have been promoted to management. That speaks well of employee opportunity in the telephone business.
Management jobs at Southern Bell are filled by promotions through the ranks. Last year there were 819 promotions to supervisory positions. There were also 5,834 promotions to higher non-supervisory jobs, and 615 promotions to higher management positions.
This policy of opportunity and recognition for the individual employee means good management and better telephone service for you. Coupled with good pay, fair treatment and one of industry's best employee benefit programs, it explains why more than half of the employees we had 20 years ago are still with the Company.
